

**NAVAL SHIPS' TECHNICAL MANUAL**

**CHAPTER 001**

**GENERAL - NSTM  
PUBLICATIONS INDEX AND  
USER GUIDE**

THIS CHAPTER SUPERSEDES CHAPTER 001 DATED 31 JULY 2003

DISTRIBUTION STATEMENT A: APPROVED FOR PUBLIC RELEASE, DISTRIBUTION IS UNLIMITED.

PUBLISHED BY DIRECTION OF COMMANDER, NAVAL SEA SYSTEMS COMMAND.

**1 OCT 2005**

## CHAPTER 001

### GENERAL - NSTM PUBLICATIONS INDEX AND USER GUIDE

#### SECTION 1. INTRODUCTION

##### 001-1.1 PURPOSE

001-1.1.1 The purpose of the **Naval Ships' Technical Manual (NSTM)**, is to provide technical information to personnel engaged in the supervision, operation, or maintenance of ships of the United States Navy. The various chapters and volumes of the NSTM contain detailed administrative and technical instructions that amplify U.S. Navy Regulations and other authoritative documents. These instructions are designed to assist afloat personnel in the satisfactory management of ships and shipboard machinery and equipment in order to achieve optimum performance throughout each ship's life cycle and to ensure readiness for any assigned mission. **The NSTM is not intended to be a compendium of design and engineering information, nor an all-encompassing document covering all ramifications of shipboard equipment .**

001-1.1.2 When conflict exists between the NSTM and any other related document, such conflict shall be forwarded by TMDER for resolution (see paragraph [001-2.8](#)). Pending resolution, the document related to a specific equipment/system normally will take precedence.

##### 001-1.2 AUTHORIZATION

001-1.2.1 This manual is issued under the authority of Article 0105, **United States Navy Regulations** .

##### 001-1.3 SCOPE

001-1.3.1 Unique procedures and requirements for ship systems and equipment are contained in technical manuals for those systems and equipment. A listing of these documents can be found in the ship Index of Technical Publications, formerly known as the Publication Applicability List.

001-1.3.2 The NSTM also provides information for industrial activities involved in ship and equipment repair and overhaul.

001-1.3.3 The chapters, volumes, and sections of this manual contain preventive and corrective maintenance information of a general nature, but are not intended to take precedence over the **Planned Maintenance System (PMS)** procedures that are in effect.

## SECTION 2.

### RESPONSIBILITIES, MAINTENANCE AND UTILIZATION

#### **001-2.1 AVAILABILITY**

■ 001-2.1.1 The NSTM, N4667800058 , is available on compact disk (CD-ROM), secure internet site JCALS (Joint Computer-aided Acquisition and Logistic Support) <https://nvss1web.navsses.navy.mil/> and print-on-demand from Naval Logistics Library (NLL) <http://nll.navsup.navy.mil/> . The complete manual is often referred to as a set of NSTM because of its multichapter composition. However, each chapter (or volume of a chapter) has a different title (topic) and bears a unique publication ordering number, since individual chapters are also requested. Distribution of formal changes (updates), chapter/volume revisions, and new chapters/volumes is made according to separate distribution lists maintained for each chapter, and requires no action on the part of activities already on the lists. A complete list of chapters is in [Table 001-3-1](#).

#### **001-2.2 TECHNICAL INFORMATION NEED**

001-2.2.1 Users having a pressing need for reference copy are encouraged to consult technical libraries of activities or installations involved in the support of fleet maintenance and modernization.

#### **001-2.3 ORDERING COMPACT DISK (CD-ROM)**

001-2.3.1 In consonance with NAVSEA direction for paper reduction aboard ship, US Navy and Coast Guard Ships are encouraged to request deletion from hard copy distribution and addition to NSTM on Compact Disk - Read Only Memory (CD-ROM) distribution when that form is compatible with their needs. The entire NSTM is contained on one CD-ROM. The retrieval software {Adobe Acrobat Reader} requires Windows. All software and files needed to view the NSTMs are installed on the CD-ROM. Because of printing costs, it is desired activities select CD-ROM in place of hard copy whenever feasible. Distribution of CD-ROM updates is made to activities on the CD-ROM distribution lists. Order CD-ROM sets by submitting a requisition to NAVICP per procedure in paragraph [001-2.4.1](#) using stock number 0901-LP-103-3035.

#### **NOTE**

Advance Change Notices (ACN's) are now incorporated into the revised chapters on the CD-ROM. ACN's not incorporated are available on TDMIS.

#### **001-2.4 ORDERING HARD COPY**

■ 001-2.4.1 Hard copy is available to training sites, schools or commands. To order individual NSTM chapters, the following procedures should be used:

1. Using the stock number, order your NSTM chapter from the on line site at the Naval Logistics Library (NLL) at <http://nll.navsup.navy.mil>. Chapters can also be ordered by submitting an AUTODIN requisition to Naval Inventory Control Point, 700 Robbins Ave, Philadelphia, PA 19111-5098.

2. If your NSTM chapter has not arrived within 2 weeks and you have not received supply status via MILSTRIP from NAVICP, you should follow up on your requisition by contacting NAVICP Customer Service at (215) 697-2267 or DSN 442-2267.
3. If your unit identification code (UIC) (or OPFAC code for Coast Guard customers) is not recognized by NAV-ICP, you should contact NAVICP by writing, or phone (215) 697-2447 (DSN 442-2447 ) for assistance. Defense Contractors should submit their request in writing, with justification, to:

COMMANDER  
SEA 04L  
NAVSEASYSCOM  
1333 Isaac Hull Avenue S. E.  
Washington Navy Yard, D.C. 20376  
Phone: (202) 781-0000

## **001-2.5 DISTRIBUTION**

NSTMs are distributed to government activities ONLY.

001-2.5.1 NSDSA maintains the NSTM distribution lists and will evaluate, verify, and validate all requests for the NSTM. Activities requesting addition to or removal from the distribution lists, or reduction in current allowance need only contact the NSDSA or submit NSTM automatic distribution requirements list to:

COMMANDER  
CODE 312 (DISTRIBUTION)  
NAVSURFWARCENDIV  
4363 MISSILE WAY  
PORT HUENEME, CA 93043-4307  
FAX: (805) 228-0351

## **001-2.6 DISPOSAL/ACTIVATION/DEACTIVATION**

001-2.6.1 Dispose of cancelled, obsolete, and superseded NSTM documentation promptly, according to SEC-NAVINST 5720.42C. Accounting is not required.

## **001-2.7 FORMAL REVISIONS**

001-2.7.1 A formal revision is a superseding issue of an entire chapter or volume. All changes are incorporated into the revised chapters on the CD-ROM. Change pages are no longer produced. Holders on record for hard copy and CD-ROM will receive these updates without further action.

001-2.7.2 All chapters are superseding revisions, however, CHANGE BARS are included to identify information that has changed and these items are listed in the Revision Record following the title page.

001-2.7.3 Due to the digitalization program, all chapters are superseding revisions. Thereafter, all requisitions will be filled with a package that will replace your entire volume or chapter.

## 001-2.8 FEEDBACK

001-2.8.1 To facilitate feedback commentary, copies of NAVSEA Form 4160/1, Technical Manual Deficiency/Evaluation Report (TMDER), are included (via link) at the end of each newly published and revised chapter or volume. The completed form may be printed and mailed. The TMDER is also available online at <http://nsdsd.phdnswc.navy.mil/tmder/tmder-generate.asp?lvl=1> and can be completed online. No further address is required. All feedback comments will be thoroughly investigated and originators will be advised of any action resulting therefrom. Additional copies of NAVSEA Form 4160/1 may be requisitioned from NAVICP, see paragraph 001-2.4.1.

## 001-2.9 LIFE CYCLE MANAGER

001-2.9.1 A Life Cycle Manager (LCM) is assigned for each individual NSTM Chapter. The LCM is responsible for the technical content of the chapter. LCM's will periodically issue changes and revisions to keep technical information current. However, LCM's are not normally available as an information "hot line". Instead, refer urgent technical problems to the In-Service Engineering Agent (ISEA) assigned to the equipment. The ISEA for answering technical questions concerning Hull, Mechanical and Electrical Equipment comprising most of the NSTM is located at the CARDEROCK DIVISION, NAVAL SURFACE WARFARE CENTER, PHILADELPHIA NAVAL BUSINESS CENTER 5001 SOUTH BROAD ST, PHILADELPHIA PA 19112-1403, commercial (215) 897-7000, or DSN 443-7000. LCM's for each chapter are listed below and in the Technical Data Management Information System (TDMIS) data base under the Publication Number for the chapter.

**Table 001-2-1. LCM POC List**

| NSTM TMIN | CHAPTER | Activity CODE | POC                | PHONE        |

## SECTION 3.

### NAVAL SHIPS' TECHNICAL MANUAL STRUCTURE

#### **001-3.1 INTRODUCTION**

001-3.1.1 The NSTM consists of a set of approximately 108 chapters numbered between 001 and 999 in non-consecutive sequence, see [Table 001-3-1](#).

#### **001-3.2 CHAPTER NUMBERING**

001-3.2.1 Under the Naval Sea Systems Command (NAVSEA) current practice, the NSTM chapter numbers are structured into a three-digit system. Under the Naval Ship Systems Command before 1976, NSTM chapters were numbered according to a four-digit system. The four-digit chapter numbers have been replaced by three digit numbers.

#### **001-3.3 TMINS**

001-3.3.1 Conversion of the National Stock Numbers (NSN's) to the Technical Manual Identification Number System (TMINS) is according to NAVSEA N0000-00-IDX-000/TMINS, **Application Guide and Index for the Navy Standard Technical Manual Identification Numbering System (TMINS)** . A new NSN assigned upon revision and publication.

#### **001-3.4 ADVANCE CHANGE NOTICES**

001-3.4.1 An Advance Change Notice (ACN) is prepared as an addendum to a chapter of the NSTM when there is insufficient time to prepare and publish a permanent (formal) revision. ACN's are distributed to NSTM holders on record since all NSTM Chapters are on CD. Formal chapter revisions incorporate outstanding ACN's. The assigned ACN number provides dual information: a number capable of serialization, separated by a slash, and the prospective change level to a chapter. For example, the first ACN issued to an NSTM Chapter is designated ACN 1/A. ACN number assignment and distribution are controlled by NAVSEA. Copies of NSTM ACN's are available upon request by contacting the NSDSA, (805) 228- 6153 or DSN 296- 6153 .

#### **001-3.5 TABLES IN THIS INDEX**

001-3.5.1 [Table 001-3-1](#) is a compilation of currently available NSTM documentation (chapters, volumes, and revisions). Documentation previously issued, but retired from the current [Table 001-3-1](#), has been superseded or cancelled. Users may obtain current status information on any NSTM publication from NSTMHELP on the global e-mail address list.

001-3.5.2 [Table 001-3-2](#) is an alphabetical list of current chapter titles, with corresponding chapter numbers.

\* - New Chapter Revision for OCTOBER 2005.

**Table 001-3-2.** ALPHABETICAL LIST OF CHAPTER TITLES

| CHAPTER TITLE   | CHAPTER NUMBER |
|---|----------------|
| Aircraft Elevators And Deck Edge Elevator & Hangar Division Doors           | 588            |
| Anchors and Anchoring   | 581            |
| Auxiliary Steam Turbines  | 502            |
| Boats and Small Craft   | 583            |
| Boiler Water/Feedwater  |                |
| • Test and Treatment  | 220(V2)        |
| • Water Chemistry   | 220(V1)        |
| Boilers   | 221            |
| Booms   | 573            |
| Cargo and Weapons Elevators   | 772            |
| Cathodic Protection   | 633            |
| Commissary Equipment  | 651            |
| Compressed Air Plants and Systems   | 551            |
| Condensers, Heat Exchangers, and Air Ejectors                               | 254            |
| Corrosion and Contamination Control for Diesel Engine Cooling Water Systems | 220(V3)        |
| Cranes  | 589            |
| Damage Control  |                |
| • Compartment Testing and Inspection  | 079(V4)        |
| • Engineering Casualty Control  | 079(V3)        |
| • Practical Damage Control  | 079(V2)        |
| • Stability and Buoyancy  | 079(V1)        |
| Deck Coverings  | 634            |
| Desalination  |                |
| • Low-Pressure Distilling Plants  | 531(V1)        |
| • Reverse Osmosis Desalination Plants                                       | 531(V3)        |
| • Vapor Compression Distilling Plants                                       | 531(V2)        |
| Diesel Engines  | 233            |
| Docking Instructions and Routine Work in Dry Dock                           | 997            |
| Electric Motors and Controllers   | 302            |

**Table 001-3-2.** ALPHABETICAL LIST OF CHAPTER TITLES - Continued

| <b>CHAPTER TITLE</b>   | <b>CHAPTER NUMBER</b> |
|--|-----------------------|
| Electric Plant - General   | 300                   |
| Electric Power Distribution Systems  | 320                   |
| Electric Power Generators and Conversion Equipment   | 310                   |
| Electric Propulsion Installations  | 235                   |
| Electrical Measuring and Test Instruments  | 491                   |
| Electronics  | 400                   |
| Fans   | 512                   |
| Feedwater Systems and Apparatus -  |                       |
| Deaerating Feed Tanks  | 255(V2)               |
| Feed and Condensate Systems  | 255(V1)               |
| Fenders and Separators   | 611                   |
| Fiber Optic Topology Operation Maintenance and Repair  | 408                   |
| Firefighting, Surface Ship   | 555(V1)               |
| Firefighting, Submarine  | 555(V2)               |
| Forced-Draft Blowers   | 554                   |
| Fuel Systems, Ship Fuel and  | 541                   |
| Gas Free Engineering   | 074(V3)               |
| Gaskets and Packing  | 078(V2)               |
| Gasoline and JP-5 Fuel Systems   | 542                   |
| General-NSTM Publications Index and Users Guide  | 001                   |
| Heating, Ventilating, and Air Conditioning Systems for Surface Ships   | 510                   |
| Hull Outfitting Equipment  | 600(V3)               |
| Hull Structures  | 100                   |
| Hydraulic Equipment (Power Transmission and Control)   | 556                   |
| Industrial Gases; Generating, Handling and Storage   | 550                   |
| Inspections, Tests, Records and Reports  | 090                   |
| Interior Communication Installations   | 430                   |
| Laser Safety   | 484                   |
| Laundry and Dry Cleaning   | 655                   |
| Lighting   | 330                   |
| Liquid Cooling Systems for Electronic Equipment  | 532                   |
| Locks, Keys and Hasps  | 604                   |
| Lubricating Oils, Greases, Speciality Lubricants, and Lubricating Systems  | 262                   |
| Magnetic Silencing   | 475                   |
| Marine Gas Turbines  | 234                   |
| Mooring and Towing   | 582                   |
| Motion Picture Equipment   | 434                   |
| Navigation and Signal Lights   | 422                   |
| Navigation Systems, Equipment and Aids   | 420                   |
| Nondestructive Testing of Metals, Qualification and Certification Requirements for Naval Personnel (Non-Nuclear) | 074(V2)               |
| Non-Structural Closures  | 600(V2)               |
| Nuclear Defense at Sea and Radiological Recovery of Ships After Nuclear Weapons Explosion                        | 070                   |
| Personnel Protection Equipment   | 077                   |

**Table 001-3-2.** ALPHABETICAL LIST OF CHAPTER TITLES - Continued

| <b>CHAPTER TITLE</b>  | <b>CHAPTER NUMBER</b> |
|---|-----------------------|
| Piping Systems  | 505                   |
| Pollution Control   | 593                   |
| Portable Storage and Dry Batteries  | 313                   |
| Potable Water Systems   | 533                   |
| Preservation of Ships in Service  |                       |
| • General   | 631(V1)               |
| • Surface Preparation and Painting  | 631(V2)               |
| • Surface Ship/Submarine Applications   | 631(V3)               |
| Pressure, Temperature, and Other Mechanical and Electromechanical Measuring Instruments | 504                   |
| Propellers  | 245                   |
| Propulsion and SSTG Steam Turbines  | 231                   |
| Propulsion Bearings and Seals   | 244                   |
| Propulsion Reduction Gears, Couplings and Associated Components                         | 241                   |
| Propulsion Shafting   | 243                   |
| Pumps   | 503                   |
| Readiness and Care of Inactive Ships  | 050                   |
| Refrigeration Systems   | 516                   |
| Salvage - Submarine Safety Escape and Rescue Devices                                    | 594                   |
| Seals   | 078(V1)               |
| Security of Stowed Nuclear Weapons  | 793                   |
| Service Craft   | 034                   |
| Ship Fuel and Fuel Systems  | 541                   |
| Shipboard Ammunition Handling and Stowage   | 700                   |
| Shipboard BW/CW Defense and Countermeasures   | 470                   |
| Surface Ship Firefighting   | 555(V1)               |
| Shipboard Stores and Provision Handling   | 572                   |
| Steam Machinery Control Systems   | 225                   |
| Landing Craft and Amphibious Assault Vehicle Handling, Stowage and Support Systems      | 584                   |
| Stowage, Handling and Disposal of Hazardous General Use Consumables                     | 670                   |
| Structural Closures   | 600(V1)               |
| Submarine Firefighting  | 555(V2)               |
| Submarine Hull Inspection   | 091                   |
| Submarine Steering and Diving systems   | 561                   |
| Submarine Storage Batteries   |                       |
| • Lead Acid Batteries   | 223(V1)               |
| • Silver-Zinc Batteries   | 223(V2)               |
| Surface Ship Stabilizing Systems  | 565                   |
| Surface Ship Steering Systems   | 562                   |
| Thermal, Fire, and Acoustic Insulation  | 635                   |
| Threaded Fasteners  | 075                   |
| Trials  | 094                   |
| Underway Replenishment  | 571                   |
| Waterborne Underwater Hull Cleaning of Navy Ships                                       | 081                   |
| Weights and Stability   | 096                   |

**Table 001-3-2.** ALPHABETICAL LIST OF CHAPTER TITLES - Continued

| CHAPTER TITLE                   | CHAPTER NUMBER |
|---------------------------------|----------------|
| Welding and Allied Processes    | 074(V1)        |
| Wire and Fiber Rope and Rigging | 613            |

**APPENDIX A****TECHNICAL MANUAL DEFICIENCY/EVALUATION REPORT (TMDER)****NOTE**

Ships, training activities, supply points, depots, Naval Shipyards, and Supervisors of Shipbuilding are requested to arrange for the maximum practical use and evaluation of NAVSEA technical manuals. All errors, omissions, discrepancies, and suggestions for improvement to NAVSEA technical manuals shall be reported to the Commander, NAVSURFWARCENDIV, 4363 Missile Way, Port Hueneme, CA 93043-4307 on NAVSEA/ SPAWAR Technical Manual Deficiency/Evaluation Report (TMDER), NAVSEA Form 4160/1. To facilitate such reporting, print, complete, and mail NAVSEA Form 4160/1 below or submit TMDERS at web site (<http://nsdsa.phdnswc.navy.mil/tmder/tmder-generate.asp?lvl=1>) . All feedback comments shall be thoroughly investigated and originators will be advised of action resulting therefrom.

**TMDER / MAILER**
